

aprevo® Patient Access Partnership Program

Carlsmed has engaged JDL Access to administer the aprevo® Patient Access Partnership Program (PAPP). This program is provided at no cost to the practice or the patient and supports advocacy efforts by appealing aprevo® prior authorizations or post-service claim denials on behalf of patients. Our goal is to support our surgeon partners by combining your medical necessity evidence with the support of a dedicated patient representative who will persistently pursue appeals and escalate matters to obtain urgent decisions. We are excited to partner with you on this patient advocacy program.

Get Started Now in 3 Easy Steps

NO COST
TO THE
PRACTICE
OR PATIENT

1. ENROLL YOUR PRACTICE

[Click to complete the Provider Enrollment Form](#)

2. LOGIN AND EXPLORE THE PORTAL

Once enrolled, JDL Access will email login credentials for your [HIPAA-compliant provider portal](#). Bookmark the portal for easy access.

Need help?

Request a 1:1 training via contact information below or explore educational resources within the portal.

3. OBTAIN PATIENT CONSENT AND AUTHORIZATION

Share [authorization form\(s\)](#) with any patient that receives an aprevo® denial.

We appreciate your passion for patient advocacy and are standing by ready to protect patient access to aprevo® today!

Please contact JDL Access with any questions at 1-888-470-0514 or aprevo@jdlaccess.com.
